项目的设计焦点是在现代城市
和自然环境之间找到一个优美
的平衡点。

厦门艾美酒店景观设计旨在以现代形式体现中国文化。普利斯设计集团为本项目提供了全方位的景观设计服务,实现了客户愿景。重点设计元素包括一个贯穿整个酒店的特色水景,酒店背面的户外餐饮区由现代感的“月亮门”围合,一个大型假山叠水为酒店提供了良好的景观背景。所有的这些元素结合在一起,在现代城市和自然环境之间创造完美的平衡。

A beautiful balance between
an urban and natural setting
has been achieved through a
reflective design focus.

The Le Meridien Xiamen hotel has been designed to reflect Chinese culture in a modern, contemporary form. Design elements include distinct water features and an outdoor dining courtyard at the rear of the hotel, framed by modern “moon gates”. A large rock waterfall acts as a backdrop and together, these elements create the perfect balance between the urban and natural landscapes.
