景观设计结合传统设计元素及现代规划。

上海绿城的景观设计要求在17公顷范围中为近3000个住户营造一个综合性住宅社区及休闲娱乐设施,被视作一个极具挑战性的项目。户外空间包含静态空间,动态游戏区,小区中心会所与度假村泳池设施,并在这个密集住宅区中尽可能扩大植栽绿化面,营造绿洲效果。

Landscape incorporates both classic design elements and contemporary planning.

The landscape was seen as critical to achieving an integrated residential community and recreational opportunities for over 3000 individual residences on this 17-hectare site. The outdoor spaces include passive areas, active play spaces and a central residence clubhouse with resort-style pool and associated facilities. Extensive planting creates a green oasis within this densely populated development.
